16 JAN 1976

MEMORANDUM FOR: Deputy Director for Administration

SUBJECT : Office of Security Significant Activities -
Week of 12 January 1976

REFERENCE : DD/A Administrative Instruction No. 74-5

1. This memorandum is for information only.
2. The activities of the Office of Security during the week 12-16 January 1976 were highlighted by the following items:

25X1A

- b. An Office member conducted surveys of three sites belonging to the White House Communications Agency to determine the adequacy for storage of Agency generated compartmented information.
- * c. A meeting of the Computer Security Subcommittee, USIB, was held on 16 January 1976 to address Intelligence Community policy concerning computer security. A final draft paper was distributed for coordination at the Subcommittee level throughout the member agencies.
- * d. To date, no significant problems have been encountered in connection with the repolygraph program. The "Miranda Rights" are read to all participants and there have been no unusual reactions to this procedure.
